Dedication Services At Municipal Swim- ming Pool Saturday

On Saturday, July 3rd at 2:30 P. M., a nice crowd gathered at the Whitesburg Municipal Pool for the dedicatory services.

Jim Brown acted as Master of Ceremonies, and introduced Mayor Arthur T. Banks who gave a brief but interesting talk on the benefits of the public pool for our youth. Mr. Banks related how, when he was a youngster, the nearest he ever got to a pool was the old wooden wash tub on a Saturday night. He praised the public spirited citizens for the fine work in obtaining the recreation center and pool for Whitesburg, stating "it was long over-due for our community." The next speaker was Virgil D. Picklesimer, who stressed the need for every precaution of safety for the youth who will swim in the pool, stating that "We don't want any tragedy to mar our bright out-look for an enjoyable summer in our pool, and". He urged all the swimmers and bathers to obey every rule that has been set up for the safety of the public by the Park Commissioners.

Next on the program was Jimmy Frazier, treasurer of the pool funds who gave a glowing report of how much money had been pledged and collected, mentioning the firms and individuals who had contributed their money and time to make the new project possible.

The Whitesburg High School Band was present under the direction of Mr. Doug Blair, and did a grand job, giving the right touch with his marches, etc., for the occasion.

A demonstration of fancy and high diving was put on by the young people who are working at the pool along with some of the swimmers. Buddy Fields, Jimmy Paul Enlowe, Ella Louise Polly, and Phyllis Ann Hall, all gave beautiful exhibitions of their diving and entertaining ability.

Lunchroom Workers Meeting at Hi School

Meetings for lunchroom workers for Letcher and adjoining counties are being held at the Whitesburg lunchroom this week, through Friday. Supervisors, Misses Jane Lewis and Laura Moore of Frankfort are conducting this school of instruction to the workers. Those attending are taking sandwiches which are being served along with food used in demonstrations.

WANTED—Dogwood timber, good prices, for further details contact Ted Crye, Gordon, Ky.

Arrests and Convictions Reported

Sheriff Robert B. Collins' office reported the following arrests and convictions this week:

Lonzo Collins, for selling red liquor in legal dry territory, tried in Edwin Holbrook's court, and fined \$50.00 and given 30 days in jail. Jim Short and Boyd Caudill made the arrests.

In another action, Charlie Craft, of Craft's Colly was tried for possessing whiskey and beer and was fined \$50.00 and given 30 days in Letcher county jail.

In the first case of Collins, 48 half-pints of red liquor was seized and in the case of Craft, 48 half-pints and nine cases of beer were seized.

Assisting Short and Caudill in the Craft raid, were Byrd Bates and Oda Amburgey.

SOCIAL SECURITY QUIZ

During the Spring and Summer months the Hazard Social Security Office receives countless inquiries concerning the extension of social security coverage to farm workers. Most common among these questions is "What farm workers have social security coverage?"

ANSWER: In general, year-round workers for one employer, or persons who work for one employer six or 8 months straight, month after month.

Full-time hired farm workers regularly employed by one employer are under social security if they are paid as much as \$50 in cash wages in a calendar quarter. (Calendar quarters are the 3-month periods January-March, April-June, July-September, and October-December.)

A farm worker does not come under social security however, until after he has worked continuously for one employer for a full calendar quarter; wages received during this first quarter do not count toward social security. After he has worked one full calendar quarter the worker can get social security credit if he works for the same employer 60 days in the next quarter and receives at least \$50 in cash wages; the worker continues under social security as long as he does 60 days or more of work for the same employer in each quarter and is paid at least \$50 in cash wages.

Irregular work and seasonal interruptions sometimes raise questions which demand specific answers. Answers to these questions can be obtained from the social security office. The Hazard, Kentucky Social Security Office is located in the Post Office Building, Hazard, Ky.

District Governor of Rotary Visits With Local Rotarians

On Tuesday of this week Whitesburg Rotarians were honored to have as their guest, Howard Douglas of Middlesboro, Ky., who is the newly-elected governor of District No. 235 of Rotary International. Gov. Douglas stated that this was not his official visit, that he hopes to return officially later on in the year.

Gov. Douglas spent the night of July 5th at the Pine Mountain Resort Hotel. He had the highest praise for the scenery of the mountains and related over and over the enjoyable time he spent on the mountain.

Senator Archie Craft was the principal speaker for Tuesday's meet. He gave some information on his duties as State Senator and the procedures necessary to get the passage of a bill, and this was not as easy as some people might suspect.

Other guests of the club included Atty. Frank Dailey of Frankfort, guest of Dave Craft and Rev. Francis Cordrey who was the guest of Clel B. Rodgers.

County Clerk Gives Information On New Motor Vehicle License Law

Notice To The Public PARTICULARLY TO OWN- ERS OF ALL MOTOR VE- HICLES:

I wish to inform the public that a law relating to the issuance of licenses on all motor vehicles in the State of Kentucky, which was passed by the last General Assembly, will become effective June 17, 1954.

From that date I must obey the provisions of that law.

WHAT THE LAW PROVIDES

The law requires that any person applying for a license receipt and plate must submit to the County Clerk to whom the application is made a tax receipt or other evidence showing that he has paid in full all taxes on personal property for the year preceding the one in which the license is issued.

For example, most people will pay their 1954 personal taxes between August 1, 1954, and January 1, 1955.

Persons who apply for li-

censes on automobiles between June 17, 1954, and January 1, 1955, must bring to my office their 1953 tax receipt in order for the automobile license to be issued to them.

IF YOU HAVE NO TAX RECEIPT.

If you have not retained your 1953 tax receipt, or at the time you apply for automobile or truck license you do not have the tax receipt in your possession for the next preceding year here is what you may do in order to get a motor vehicle license:

You must go to the office of the Sheriff of the county and get from him a signed statement that all personal property taxes collected through his office have been paid.

Also: If you reside in an incorporated city or town, you must get from the city clerk of such city or town a similar statement that all personal property taxes owed such city or town for the next preceding year have been fully paid.

This statement or these statements must be presented

by the applicant to the County Clerk's office before such license is issued.

IF YOU OWED NO PER- SONAL PROPERTY TAX

If you owed no personal property taxes for the year preceding the one in which you apply for motor vehicle license, you must, in order to have such license issued by our office, bring to this office a statement by the Tax Commissioner of the County that you were not liable for the payment of any personal property taxes for the preceding year.

THIS EXPLANATION FOR YOUR BENEFIT:

This complete explanation of the provisions of the new law is made for the benefit of the public, to acquaint the people with it, and to make it easier for them to observe it.

Your humble servant,

—CHARLIE WRIGHT,
County Court Clerk.
P. S.—When in town come in and see me.

School Districts In Letcher County To Receive \$413,692

Frankfort, Ky., July 7 — School districts in Letcher County will receive \$413,692.64 from the \$26,212,500 common school per capita fund to be distributed among all school districts in Kentucky this year, according to Superintendent of Public Instruction Wendell P. Butler.

The sum represents \$37.51 for each person between six and eighteen years old living in the district. The per capita figure is slightly lower this year due to an overall increase in the state school census from 687,731 to 698,759, while the fund for overall distribution on a per capita basis remains at the same level. The per capita figure last year was \$38.11.

The per capita allocation does not take into consideration the school equalization fund, for which \$8,573,000 is to be distributed on a need basis. Distribution of this fund will be announced later, following compilation of need data.

School districts in the county will receive:

Letcher County, \$343,280.86; Jenkins, \$70,411.78.

Mrs. Breckinridge Presented Award

Mrs. Mary Breckinridge, director of the Frontier Nursing Association at Hyden, has been chosen for the 1954 Distinguished Service Award of the National Federation of Business and Professional Women's Clubs, it was announced this week.

The annual convention of the National Federation of Business and Women's Clubs was held last week in St. Louis, Mo.

Mrs. Helen G. Irwin, of Des Moines, president of the federation, presented the award to Mrs. Breckinridge, in recognition of her work in the Frontier Nursing Service which she established in Leslie and surrounding counties in 1925.

Mrs. Irwin told how Mrs. Breckinridge started operations from a tiny center and covered an area of 50 miles on horseback. "Now her work has expanded to reach 10,000 people," Mrs. Irwin said, and "there are eight nursing centers, a 25 bed hospital, and a large staff."

Craft vs. Hall In School Supt. Dispute

In a move to keep W. M. Hall from taking over as Superintendent of Letcher County Schools, Dave L. Craft has filed a suit against Hall and The Letcher County Board of Education.

The action was called in Letcher Circuit Court on Tuesday and Judge C. C. Wells instructed the parties involved to draw up briefs of the case, and stated that he would, at a later date study the briefs and give his decision.

Attorneys for Craft are Ben Fowler and his associate in law practice, Frank Dailey, both of Frankfort.

Attorneys for Hall and the School Board members are Ervin Sanders of Pikeville, along with his partner, Phil Hyden.

Much interest is being manifested throughout Letcher County and many are discussing the case from all angles, as well as predicting the final outcome of it. As the situation now stands, two School Superintendents are subject to draw salaries for the same job, and it seems not much, if anything, can be done for the good of the schools.

COMING CHEST X-RAY CLINIC

As has been published now for some 3 times at least, the Kentucky Mobile X-ray Unit will be at Whitesburg for four days from Tuesday, July 20th through Friday, July 23rd (July 20, 21, 22, and 23) for the purpose of x-raying those so desiring and wishing to know if you may have a chest disorder, — primarily looking for Pulmonary Tuberculosis, yet this Chest film, will also show Cancer of the Lung, as well as any Heart enlargement. It is FREE for any one over age 15 years (only those under age 15 who have been in close contact of a known or suspected case of Tuberculosis will be x-rayed, and then on written request of family doctor. This Field survey is primarily interested in x-raying those living or closely associated with a known case or suspected case of T. B.; also Teachers, Food handlers, and those working in the coal mines. It is most important for those who have been working underground (mines) for any period of time, to be chest x-rayed.

Remember the days—4 days—July 20, 21, 22, and 23rd.

DOG VACCINATION LAW EXTENDED THROUGHOUT MONTH OF JULY

In reading the daily papers, it is believed from said reading that the Rabies Dog Vaccination Law has been extended throughout the Month of July, or until August 1st. I feel this is due to the difficulty in getting Rabies Vaccine for so much of the time is past days. So we urge every Letcher County Citizen owning or "harboring" a dog, to have said dog vaccinated NOW against this dreaded malady, where all die once Rabies set in. Failure to comply with this most important Law (passed by recent Kentucky General Assembly) subjects you—the dog owner to a penalty of a fine from \$10.00 to \$100.00 per day of said failure.

So be a civic-minded law-abiding citizen and get your dog vaccinated at once. It is understood that many are administering said vaccine for the citizens of Letcher County. However, when the LAW gets underway, we have been informed, that NO ONE will be accepted to administer this Rabies Vaccine, but a duly Certified Licensed Veterinarian (a D.V.M. and licensed in Kentucky). From our letters, the closest one we find, is that of Middlesboro, London, Winchester and Ashland.

The plan is to secure the services of some Doctor or Veterinary Medicine, and set up Dog Clinics in various areas of Letcher County; this is all, be worked out yet, however.

SAFETY MEASURE FOR FUEL ANNOUNCED

Frankfort, Ky., June 30 — Hauling of liquefied petroleum gas cylinders larger than 20 pounds will be limited to licensed dealers and servicemen after June 30, it was announced today by State Fire Marshal J. T. Underwood, Jr., in an effort "to promote safety through proper handling of the fuel."

When the State's liquefied petroleum Regulations were revised some months ago, dealers were given until July 1 to discontinue cash-and-carry scale of bottled gas beyond the 20-pound limitation.

Drivers Licenses Now On Sale

Frankfort, Ky., July 1. — Kentucky vehicle operator's licenses are now on sale in the Circuit Court Clerk's office in all counties.

Drivers whose last name begin with "A" through "K" are required to renew their operator's license by July 31, 1954. The fee is \$2 and the license is for two years.

Failure to renew licenses by the expiration date, July 31, will result in the suspension of driving privileges.

Operator's licenses for persons whose last name is in the "L" through "Z" bracket do not expire until July 31, 1955. The driving 'privilege' of 6,047 persons was suspended or revoked during the first five months of the present year, according to a report made by the Department of Revenue.

Among the causes for license revocation are convictions for drunken driving; reckless driving, leaving the scene of an accident, manslaughter, any felony in connection with the operation of motor vehicle, assault and battery with an automobile, and perjury in connection with motor vehicle laws.

Licenses may be suspended for failure to file proof of financial responsibility following an accident, improper registration as a driver, improper application for a license, and unsatisfied judgment, and for habitual law violations.

From The Office Of Earle C. Clements

Senator Earle C. Clements (D-Ky) today made public the results of a poll he has been conducting among the people of Kentucky showing that those polled place unemployment as the most important issue facing the country today.

Ranking close to unemployment was the issue of foreign policy. Farm prices and communism in Government were other issues receiving recognition.

The figures showed 36 per cent rating unemployment as the top issue; 31 per cent, foreign policy; 15 per cent, farm prices; 11 per cent, communism in government; and 4 per cent of those polled rating other problems as primary issues of the day.

In a series of questions on other issues, overwhelming percentages voted in favor of continuing the Reciprocal Trade program and for the need of a new code of Congressional Committee procedures in light of the proceedings at the Army-McCarthy hearings. The Reciprocal Trade program received 74 per cent support and the Committee procedure changes was favored by 79 per cent.

On the question of continuing the present farm price support program at 90 per cent of parity, 62 per cent voted favorably, while 34 per cent returned their polls marked for a sliding scale of from 75 to 90 per cent.

A majority of 60 per cent favor balancing the budget before reducing taxes, but if taxes are to be reduced by Congress; the greater majority, 66 per cent, supported increasing personal exemptions, while 18 per cent favored increased exemptions on income from stocks and dividends.

The poll showed fairly even results on two issues, the need for a public works program in face of present economic difficulties and changes in the present labor laws. A public works program was favored by 46 per cent and opposed by the same number. The poll showed that 35 per cent believe the present labor laws are too favorable to management and 40 per cent believed the laws too favorable to labor.

The majority of those answering the poll did not favor sending American troops to Indo China either to protect French colonialism or in case the French government should grant independence to the Indo-Chinese. Only 11 per cent supported using troops to continue French domination of the southeast Asian nation and 30 per cent favored the use of troops in case the French give freedom to the people of Viet Nam, Laos, and Cambodia.

MEN IN SERVICE

2d Arm'd Div., Germany—Army Pfc. Elmer J. Ison, 22, son of Mr. and Mrs. James Ison, Seco, Ky., recently joined the 2d Armored Division in Germany.

The "Hell on Wheels" division, which spearheaded the World War II drive into Germany, is now training vigorously as part of the U. S. Seventh Army.

Ison, a member of the 142d Armored Signal Battalion, entered the Army in March, 1953 and served at Fort Hood, Texas, before his overseas assignment.

Fort Knox, Ky., July 2 — Pfc. Donald Sturgill, whose relative Edward Sturgill resides at Eolia Ky., has completed the Armor Track Vehicle Maintenance Course No. 16 at The Armored School here.

This specialized course trains the student in maintenance of tracked and wheeled vehicles. It consists of conferences, demonstrations, practical work, performance tests and written examinations.

Eastern State Enrolls 1180, Summer Term

Richmond, Ky., July 6—(Special)—The summer school enrollment for 1954 at Eastern Kentucky State College is 1180 which is 148 more than the summer enrollment for 1953. The present summer enrollment is made up of 461 men and 719 women. They are classified as follows: freshmen 101, sophomores 125, juniors 305, seniors 466, graduate students 173, and special students 10.

The summer term enrollment is composed of 1147 Kentuckians and 33 out-of-staters from 13 different states.

Kentucky counties having the largest representation are Madison 116, Estill 69, Harlan 64, Pike 58, Rockcastle 52, and Perry 50. Other counties with 20 or more enrollees are Bell 33, Casey 28, Clay 36, Floyd 32, Garrard 20, Jackson 30, Laurel 28, Letcher 41, Lincoln 28, McCreary 28, and Whitley 30.

Forty-one students from Letcher County are enrolled at Eastern this summer. They are Rachel Ann Back, junior, Edrie Banks, senior, Anna Everidge Collins, junior, Arthur Willis Combs, senior, Polly Louise Jenkins, senior, Mildred L. Mercer, junior, Ruth Pendleton Rice, senior, from Whitesburg; Easter C. Abbott, junior, Victoria Ann Jurich, freshman, Chester L. Increased activity in steel-making and electric generation, each of which accounted for more than 100 million tons of the nation's bituminous coal tonnage in 1953, were primarily responsible for a 5 1-2 per cent increase to 94 million tons of bituminous mined in Pennsylvania last year.

25th Div., Korea — Cpl. James B. Gibson, son of Mr. and Mrs. Buck Gibson, Cronona, Ky., recently was promoted to corporal while serving in Korea with the 25th Infantry Division.

Rushed to Korea during the early days of the conflict, the "Tropic Lightning" division took part in some of the most bitter fighting on the peninsula. It is now undergoing intensive post-truce training.

Corporal Gibson, a machine gunner in the 27th Regiment's Company C, entered the Army in May, 1951.

2d Div., Korea—June 30 — Army Pvt. Joe Kiser, 22, whose wife, Marie, lives at 1911 W. Forest, Detroit, has been transferred from the 40th Infantry Division to the 2d Division in Korea.

He and other men who had not completed their tours of duty in Korea were shifted into the 2d when the 40th was recently returned to the U. S. Private Kiser, son of Charlie Kiser, (Whitesburg, Ky.), entered the Army in 1951.

Donald F. Wright has been promoted to A2c — Organization 321SR5, 90SRW, FAFB, Kans. His duty is Aircraft Mechanic. Wright is from Seco, Ky., a son of Mr. and Mrs. Bennie Wright. He attended Fleming High School.

It is given to few men to achieve a kind of human symbolism in their lifetime. Jim Crandall was one man who did. Everyone within miles of East Shannon knew him. In a rough sort of way, he projected every man's idea of the dedicated life of community service.

Jim was a builder and made money "hand over fist." He was a free spender and an extravagant "giver" to all worthy causes. He never learned how to say "no" to anyone asking for help.

Crandall had never married. His widowed sister lived with him. His love for children had become a legend throughout the Valley. That's why everyone nodded approval when he adopted two small children. Jim was a man of means, they said, and could give the children every advantage. He was only 55 and the picture of health. However, misfortune was to cut short a full and active life. He fell from a high scaffold while inspecting a building.

The facts of his financial status were gradually brought to light. It would take all of his property to satisfy his indebtedness. He left enough life insurance to buy a modest home for the sister and the two children. Citizens of the community had been discussing ways of helping Jim's survivors. No one thought of Social Security since he left no widow and the children were his by adoption.

This was the picture when Judge Creason asked the Social Security Representative to look into the matter. Our records showed that Jim was insured and since the children had been adopted before his death, the sister is receiving \$106.25 a month for the two five-year-old children. When Judge Creason heard this he said, "Social Security is taking up where Jim left off."

You can meet a representative of the Hazard Social Security Office on each Tuesday between the hours of 10:00 a. m. and 2:00 p. m. at the Post Office Building, Whitesburg, Kentucky.

FARM NOTES

By
VERNON B. BANKS
COUNTY AGENT

Many of the farmers in this county have been inquiring about hog cholera, its effects and what to do about it. So today with your permission I would like to devote this column to hog cholera.

Hog cholera can be compared with some of the diseases that used to wipe out whole communities of human beings before the days of the so-called modern medicine and miracle drugs.

Hog cholera is a destroyer of hogs and has been for the past hundred years. Cholera is caused by a virus. Viruses have been very commonly spoken of recently in virus diseases affecting human beings so they are no strangers to any of us.

Symptoms and diagnosis: Hog cholera is a highly infectious and contagious disease of hogs. It affects hogs and pigs of all ages and death usually results after they contract the disease. It starts affecting the hogs by a sudden onset, loss of appetite, fever and weakness.

All breeds of hogs are subject to the disease. Symptoms noticed are loss of appetite in one or more of the animals which either refuse to come up and eat with the rest of the hogs or come to the feed trough. They may nibble at their feed and then turn away.

The hogs taking cholera separate themselves from the rest of the hogs and soon show signs of weakness in the hind legs which are frequently crossed and later they have a wobbling scissor like walk. The fever rises very rapidly and the animals may become very thirsty if they have the acute form of cholera. Many times a thick gummy secretion may almost give the eye lids shut. The sick pigs with cholera stands in a listless dejected attitude with the head drooping downward and the tail hanging straight and limp.

For a more positive diagnosis examine the skin of some of the hogs, the skin of the underside or belly of the hog and behind the ears is frequently bright red and later may become dark purple. The disease is spread through public sales and infected hogs.

When you buy hogs you should always put them away from other hogs for at least two weeks.

Sanitation, proper feeding and good care are very important if you are to be successful in raising large numbers of hogs disease free.

Prevention of Hog Cholera

The use of an anti-hog-cholera serum is a necessity to prevent hog cholera. There are several good vaccinations which the veterinarian can give the hogs to prevent them from taking cholera. To be on the safe side get a veterinarian to vaccinate your hogs. This agent is sorry to say that he is unable to be of any service to you in so far as vaccination of hogs or any other animals.

Sunday School Lesson

International Uniform Series
July 11, 1954

—By—
by Rev. C. A. Lingle, Jr.

Lesson Verses: I Corinthians 3:1-3; Ephesians 4:11-16. II Peter 1:5-8; 3:18 (To be read and studied in your Bibles).

This is the second in a series concerned with Christian Growth. This lesson stresses the importance of constant growth in Christian Character.

The Church in Corinth was divided. Some persons pointed to Paul as having the True Gospel. He had been the first to present it. Another group looked to Apollos. He was a more eloquent preacher. A third group looked to Peter. He was the leader of the original disciples. A fourth group rejected the other three and called themselves, not the followers of any of the Apostles, but of Christ. Paul reminds us that such divisions are sure evidences of spiritual immaturity. They are "in Christ" but they are in need of spiritual growth.

The passage from II Peter is concerned with a new teaching that was springing up in the Churches of Asia Minor. These teachers proclaimed salvation by knowledge. They taught secret words that were to admit you to heaven or more than that they taught that having knowledge above that of the average Christian gave you the right to abrogate the law. Peter does not fight this by presenting blind faith as the answer but by asking for true knowledge. We must have faith, knowledge, self control, Godliness and love to be real Christians.

Paul in Ephesians gives the definition of the Church. It is the "Body of Christ." God is in the Church today working to reconcile men to Himself. If we are to answer his call to us then we must grow toward Jesus Christ. We must make progress toward feeling His will for us and we must attain Christian maturity.

Forestry Field Day Scheduled for July 24

The East Kentucky Forestry Field Day, scheduled for July 24 on Highway 114, near the Floyd-Magoffin line promises to be the biggest event in forestry preservation in Eastern Kentucky that has occurred to this time, it was said last week when a group of leaders interested in forest preservation met at the County Agent's office in Prestonsburg. Not only will the meet, which should attract several hundred, offer instruction in pulpwood preparation by a representative of Mead Corporation, demonstrations of how to fell a tree with modern mechanical saws and follow with wild life exhibits but prominent speakers interested in forestry will be there. James A. Newman, Extension Service Forester will be master of ceremonies.

Chief purpose of the meet is to arouse interest in preserving East Kentucky's watershed forests by organizing a Forest Improvement Association. H. B. Newland, State Director of Forestry will speak as will Wm. C. Johnstone, Agricultural Representative, Kentucky Bankers Association.

Forest Ranger Forrest Burdett of Floyd County has arranged to have Old Smoky, the forestry bear on the grounds. Entertainment features of the day will be a shingle and palming making exhibition by 84 year old John Henry Canterbury, who has made plenty of them in his life, a cross-cut sawing and chopping contest with double-bitted axes.

Scene of the Field Day will be the Adams school grounds on the Middle Creek Road,

eleven miles from Prestonsburg, and midway to Salyersville. Extension workers, Conservation Service Representatives and other interested groups plan to attend. Formal organization of a forest improvement association will end the day's activities.

Safety Hints

(by Lovell Williams)

The Fourth of July in Letcher County was very quiet, the traffic moved along nicely. The Letcher County Safety Bureau wishes to thank each and every one for their co-operation in observing the Fourth of July driving spirit. On our nation-wide report, the National Safety Council has estimated that there would be 430 killed over the 78-hour period, which started at 6:00 P. M. Friday to midnight on Monday, but as the figures rolled up the estimate showed around 100 below the estimate, which gave a total of 333 highway accidents.

However, still late reports could make up the estimated score, but let's keep our fingers crossed, and hope for the best.

It has been reported that in all accidents over the Fourth the number showed that there were 600 persons killed, of these 600 there were 184 drowned, and 79 in a variety of accidents.

On Saturday, July 3rd, there was an accident on highway 15, at Sandlick, the car wrecked in the curve near the home of Kyle Campbell. A lady whom we learned later was a Hamilton by name, from Leatherwood, Ky. She was taken to Lexington, after being admitted to the Jenkins Hospital for treatment. This

is the only accident we know of that happened during the holidays.

Just remember, "To keep our roads in good shape, is to drive in good shape." Don't drive while you drink — always respect the other driver."

Report From Kentucky Tax Research Association

Louisville, Ky., July 6 — An examination of the cost of the 1954 General Assembly shows that to date \$508,923.11 has been spent. This figure does not include the cost of certain items of printing which have not been completed.

The breakdown of the payments to the individual legislators shows that Senator Archie Craft of Letcher County received a total of \$2,561.50.

The total amount is broken down as \$61.50 for mileage, \$50.00 for allowance in lieu of stationery, \$600.00 allowance for expense and \$1,850.00 per diem. Senator Craft was in attendance 32 days during the session which made his average daily remuneration \$80.05.

The figures released today by the Kentucky Tax Research Association shows the breakdown of the legislative cost as follows:

Rep. Harry M. Caudill — Mileage \$60.90; Stationery \$50.00; Expense allowance, \$600.00; Per diem, \$1,850.00; Total \$2,560.90.

Total amount paid to: Members of House and Senate — \$353,332.40.

Social Security — State's Share — \$5,152.70.

Total amount paid to: Employees of House and Senate, including Salaries, Per Diem.

Bonus, Compensation to Clergymen, Social Security — State's Share — \$117,493.68.

Other Expenses, Printing, Paper, Office Supplies, etc. — \$32,944.33.

Total — \$508,923.11.

* Does not include printing of House and Senate journals and some last minute items of printing.

When these expenses are added to the amount paid the members of the General Assembly, \$353,332.40, the total of the legislative cost to date is \$508,923.11. The unpaid expenses for printing and other costs will probably make the total direct expense of the session approximately \$550,000.00.

During the session 253 bills were favorably considered by both Houses of the General Assembly. This made an average cost per bill passed of \$2,011.55. The total cost of the session divided by the 138 members who were elected to the General Assembly would give an average cost per member of \$3,687.85. The total cost divided by the number of days in session would give a daily cost of \$11,063.55.

Section 42 of the Kentucky Constitution specifies that the regular sessions of the General Assembly shall be limited to 60 days, exclusive of Sundays and holidays, every two years. Section 0.190 of the Kentucky Revised Statutes provides for per diem payments of \$25.00 to each of the members of the General Assembly while in attendance at sessions. During the 154 sessions the members of the General Assembly voted themselves an additional expense allowance of \$10.00 per day for sixty days.

The legislature was in session only 46 days of the 60 days authorized by the Constitution and many of the members were not present on all of these 46 days. In spite of the limitations contained in the Constitution and Section 6.190 of KRS, per diem was paid to each legislator for 74 days. The odd amounts paid to members of the Senate are caused by additional payments of \$5.00 per day while the Senators were acting as presiding officer of that body. Additional payments were made to 23 Senators totalling \$220.00 which was for 44 days.

In addition to the direct expenditures to members, clerks and other costs of the session the appropriations spent by the Legislative Research Commission of \$166,000.00 for the 1952-1954 biennium and that part of the appropriation for the Statute Revision Commission of \$77,900 allocable to the period January 1, 1954 thru June 15, 1954 could well be considered as legislative ex-

pense.

An accurate cost analysis of the legislative expense would probably require the allocation of certain portions of the time of various department and division heads who were called upon from time to time to give legislative assistance on several measures.

When all of these items are added together it can probably be safely said that the 1954 session of the General Assembly cost the taxpayers of the State \$750,000.00. This would give the following average costs for legislation of:

Average cost per bill passed — \$2,964.43

Average cost per elected member — 5,434.78

Average cost per day in session — 16,304.35

From The Office Of John Sherman Cooper

A \$500 million program of Federal financial assistance for the construction of school buildings, proposed by Senator John Sherman Cooper (R-Ky.), has been approved by the Senate Committee on Labor and Public Welfare. The Committee's staff has been instructed to draft the technical language for presentation to the Senate for action.

The Committee action followed a series of comprehensive hearings on school facilities and needs held by the Subcommittee on Education, of which Senator Cooper is Chairman. According to Senator Cooper, the Committee agreed to the inclusion of the following major provisions in the education bill:

1. Federal assistance to be granted the States and territories for a period of two years to aid in the construction of public school facilities to relieve emergency situations where existing facilities are inadequate. State and local authorities would match Federal funds according to a sliding scale based on ability to pay.

2. The authorization of an appropriation of \$250 million a year for the two fiscal years beginning July 1, 1954 and ending June 30, 1956.

3. Funds would be apportioned among the states according to a formula worked out by Senator Cooper, taking into consideration the total school population between the ages of 5 and 17, as well as the per capita income in each state.

The apportionment formula, Senator Cooper explained, is intended to provide greater proportionate assistance to states with low average income. "It is the basic purpose of this bill," he added, "to help poorer states raise their educational standards, because we believe that the Federal Government has a fundamental responsibility to afford each citizen the opportunity of a sound education."

Senator Cooper said that the proposed bill was presented on behalf of the entire Education Subcommittee, composed as Chairman, and Senators Goldwater of Arizona, Upton of New Hampshire, Hill of Alabama, and Murray of Montana. The Committee will have the completed bill by July 1, when its next meeting is scheduled.

Senator Cooper stated that "I believe the Administration will give its approval to this type of emergency legislation. It is a tragic fact that a deficiency of more than \$10 billion in school facilities exists in the United States today. The state and local governments are not able to bear the financial burden of such huge expenditures and need Federal aid."

CONFERENCE WITH PRESIDENT. — President Eisenhower has told me he will appoint a special committee consisting of the highest officials of the government to help solve the problems of the coal industry. The Chairman will be Mr. Arthur Fleming, Director of the Office of Defense Mobilization. There is real hope that this committee will now bring into action a sound program to increase coal pro-

duction, thus giving jobs to miners and other people in coal areas.

Last week I arranged a meeting between the President and a committee representing the coal industry. We explained to Mr. Eisenhower what the situation is and laid before him a suggested program for action. Earlier, we had met with the Secretary of the Interior and with other officials of the Government on this problem.

DISTINGUISHED VISITORS — Upon leaving the White House after the coal conference, I ran into two distinguished visitors, Prime Minister Winston Churchill and Foreign Minister Anthony Eden of England. I had met both of the men while I represented the United States in the UN and it was a real pleasure to see and talk with these men again.

LOSING A FRIEND — The Senate was in session late at night when we received the tragic news that Senator Hugh Butler, of Nebraska, had died at 11:30 after a cerebral hemorrhage. He was 76 years old and served as Chairman of the Senate Committee on Interior and Insular Affairs. Senator Butler had been in the Senate since 1941 and I counted him among my friends. I first met him in 1947, when my own first term in the Senate began. He is the seventh member of the Senate to pass away during the 83rd Congress.

Barbourville, Ky., July 6 — High school seniors whose plans for college this fall have been hindered by coal industry unemployment will be eligible for a 50 per cent reduction in tuition and fees at Union College, President Conway Boatman announced today.

Total tuition and fees are \$300.00 per year. With the new rate, a commuting student falling into this category can enroll 9 months for \$150.00. A boarding student's cost will be reduced to \$476.00 for the 9 months.

Dr. Boatman emphasized that this special offer applies only to miners or to those in the coal industry fully dependent on mining whose unemployment would prevent the sending of their youth to college.

"This is a move to assist the promising youth of our coal depressed regions to continue their education and thus prevent an educational black-out of the area," Dr. Boatman concluded.

Kentucky All Stars To Play Indiana Stars

Louisville, Ky., July 2 — Beaten by only one point in Indiana, June 19, Kentucky's High School All-Stars today trained their sights on revenge—good old Kentucky revenge—when they play the Indiana Stars in a return game in Kentucky on Saturday night, June 10.

The game is scheduled at the Jefferson County Armory, in Louisville, Ky., and the Kentucky All Stars feel more than confident that they will reverse the score—with points to spare—on the invading Hoosiers in this return battle.

Kentuckians have won only once from Indiana in fifteen games, but newly-named Coach Paul McBrayer of Eastern State College, and formerly aide de camp to Adolph Rupp at University of Kentucky, and all the players who battled at Indianapolis feel unusually optimistic about success in the rematch.

Coach McBrayer, who succeeds Coach "Peck" Hickman on the rotation basis used in the selection of mentors, plans to assemble his squad in Louisville next week. He has the entire team of All Stars from the Indianapolis 75-74 game ready for his call, plus 20 to 30 more scholastic stars from all over Kentucky eager to play in this All-Star classic here.

Newspaper writers and radio-casters all over Kentucky have been asked to send in their selection of the ten best high school stars in the State, and their choices plus the All-Star selection made at the State High School Tourney last spring in Lexington, Ky., will be used by Coach McBrayer and his aides in the selection of the team for the July 10 game.

The game is being sponsored by the Louisville Lions Club to raise funds for its many efforts in behalf of its Blind Fund.

Tickets for the game are on sale at the Armory in Louisville, Ky., (525 W. Walnut), and mail orders will be handled from there upon enclosure of 25c for mailing and handling. Prices of the tickets range from \$2.50 for the choice center tickets, to \$2, for the others. General Admission is \$1.50. Then there are special sections of student tickets available in blocks at \$1.00 each. These may be purchased in advance by coaches or athletic directors for their students, by writing the Armory.

Richmond, Ky. — It was announced today that the newly established Center of International Relations at Eastern Kentucky State College is now in operation. The Center Director is Glenn A. McLain, member of the History Department at Eastern.

A three part program to develop college, community and high school activities in International Relations and the Social Science has been made possible under terms of a grant made to the Foreign Policy Association by the fund for adult education, an independent organization established by the Ford Foundation. Prominent speakers, and International Relations forums have started with a Civilian Defense Program on the H Bomb films, "Operation Ivy." Major General Jesse Scott Lindsay was the featured speaker for this program on June 24 at the Eastern Campus.

'54 FORD	V-8 ENGINE	BALL-JOINT FRONT SUSPENSION	INDUSTRY-LEADING STYLING	TOP "MODERN-CAR" RESALE VALUE
	Only Ford offers you the power of a V-8 engine — the 130-h.p. V-8 block V-8 — which is the most modern and efficient engine in the entire industry.	The greatest chassis advance in 20 years for easier riding and handling... and only Ford in its field has it! Other cars use old-fashioned kingpin suspension.	Ford's Crestmark Body with its clean, sweeping lines has set the pace for the entire industry. It's styling that will stay in style for the years ahead.	An analysis of sales statistics shows Ford returns a greater percent of its original cost at resale time than any other car... so Ford costs you less to own.
Closest Competitor '54 MODEL	OUTDATED SIXES	20-YEAR-OLD SUSPENSION	HIGH-HOOD STYLING	LOWER RESALE VALUE
	None of the cars in Ford's field has a V-8 engine. But cars that cost hundreds of dollars more than Ford have been using the V-8 engine for a long time.	The other cars in Ford's field still use the old type kingpin and hinge front suspension — the basic principle of which hasn't changed for the last 20 years.	High hood of other cars blocks driver's view of road from right fender — gives humped profile. Ford presents a smooth, graceful, unbroken sweep of fender line.	When it comes time to sell or trade, the owner of one of the other low-priced cars may find that his car will not bring as much as it should. It pays to own Ford.

see out ahead of us, and provide for the worst, and so we crawl upon our worn-out beds, draw the covers over our heads and peep out and say: "We have never had it so hard."

Our hard times have come through our own failures to do something about them. When times were good we should have saved a lot of money for a hot and lingering drouth. Instead of that we have bought our cars, oiled and gased them up, and taken away to our own selfish desires for the fun of that day. Now we have begun to return with worn-out cars, ragged clothes, no pay-days, and nothing in the kitchen to eat.

The past twenty-five years in Eastern Kentucky have been years of progress. Trains have rolled through these mountains carrying our products off to the markets, but while they were rolling on, we were rolling on with them to our "Hard times" because we would not see ahead, and make provisions for our future. Fortunes have passed through the pockets of many people who are now in want. This is just one of the laws of life: "Whatsoever a man soweth, that shall he also reap."

There is still hope for us, we are not in despair. We can make a strong come-back, provided we take the right road to return. That road is the road to spiritual things.

The Bible Says: "Ye have robbed me. In tithes and offerings. Bring ye all the tithes into the storehouse, that there may be meat in mine house. And I will rebuke the devourer for your sakes, and ye shall not destroy the fruits of your ground; neither shall your vine cast her fruit before the time in the field, saith the Lord of hosts." Malachi 3:8-10-11.

Now here is the answer. God is speaking. Not humanity. God knows our failures. There is no argument that stands up under the voice of God. For God is still the ruler of this world.

Many of our people have

taken all the money they made and used it for themselves, and gave God nothing. They have let the churches stand and bleach in the summer and winter without a care for the spiritual life of the community. This is what we are getting for our neglect of things of the spiritual life.

When men and women have more fun at a dog and cock fight than they have at their churches, there is danger of destruction coming upon us. When people seek pleasures for themselves alone, there is a doom just ahead of them. The greatest true pleasure in this world is the pleasure of humble service in God's church. But our people have worn out their cars parking them around places of amusement, and now these places of amusement have absolutely nothing to offer them but more "hard times."

There has never been a time in the history of mankind when we needed more to repent of our sins and ugly ways than right now. God is merciful, and will save us yet, if we turn to Him, and begin to mend our ways, and seek Christ as the Savior of our lives. Christ is mighty to save, the devil is mighty to destroy. We should choose Christ, and give our attention and fullness of life to things that are spiritual, and the things that would bring us to God.

BIBLE QUIZ

by A. F. Barker.

Grade yourself a 100 percent by answering correctly all of the following familiar Bible Questions:

1. Who was converted in a chariot, baptized by the side of the road, and went on his way rejoicing? (Acts 8:26-40).
2. Whose life through prayer was lengthened 15 years? (II Kings 20:1-6).
3. Name at least one of the seven things God hates. (Proverbs 6:16-19).
4. What did Zachaeus say to Jesus after he was told to come down from the tree? (Luke 19:1-28).
5. What battle was won by the Lord by the blast of the trumpets, the breaking of pitchers, and lighted torches? (Judges 7:20).
6. When Paul preached at Athens what was the total value of all books burned?
7. Which of the three temptations of Jesus was a design of Satan to destroy him? (Matthew 4:5, 6).
8. What did Moses do with Aaron's golden calf? (Exodus 32:20).
9. How did Elijah prove to the worshippers of Baal that Jehovah was the true God? (I Kings 18:30-40).
10. What important question did Nicodemus ask Jesus and what was the answer? (John 3:1-8).
11. What is it that has never yet been tamed—and is full of deadly poison? (James 3:7, 8).
12. Which of the disciples walked upon the water to go to Jesus? (Matt. 14:29).
13. What two people died who were never born? What two people were born who never died? (Genesis 2:21, 22) (Gen. 5:24) (III Kings 2:11).
14. What great city was

not destroyed by fire and brimstone because they repented? (Jonah 4:11).

15. What two men prepared the body of Jesus for burial? (John 19:38-42).

Pine Mountain Baptist Associational Missionary

By John R. Isaacs

The Pine Mountain Associational Sunday School monthly meeting will be on July 11, instead of on July 4, and will be a picnic for the whole Association. Each person brings his own lunch and the people will group themselves as they see fit. There will be a speaker for the meeting instead of having the conference work as usual.

Vacation Bible School work is in full swing now—Has your church had a V.B.S. or do you plan to have one? In two weeks of V.B.S. work you will learn more about the Bible than in a whole year of Sunday School work.

We are glad to welcome a new pastor to the Central Baptist Church in Cumberland, Ky. These fine people carried on in a fine way until they were able to secure a pastor.

Now, a thought for this week—Do you believe "Absolute Obedience" to God is the best policy? If you say yes, then why don't you read the Bible and find out what that is? If you say no, then you say you don't believe what the Bible says. We are face to face with what we will do with "God's Will" every day. If we do God's will, then we can claim the blessings the Bible promises, but if we are not willing to do God's will we say that we are willing to take the punishment the Bible says will come upon the "Disobedient."

We may act like there is no God, and that the Bible is not true, but that does not change it—It only seals our eternal doom.

IN MEMORY

In loving memory of my dear brother, Leon Sturgill who was killed July 8, 1949.

The years may wipe out tears and things, But this they wipe out never:

The memory of those happy days when we were all together.

Obituaries

Obituary of Andrew Jackson Adams

Andrew Jackson Adams, who was better known throughout this country as "Little Drew" Adams, was born February 9, 1873, and departed this life July 1, 1954. Making his stay on earth 81 years, 4 months and 21 days.

He was the son of the late Henry Adams and Mary Webb Adams, and was married to Elizabeth Caudill about the year of 1896. To this union were born nine children—five sons and four daughters:

Boyd, Akron, Ohio
Kirtley, Akron, Ohio
Mary, Fleming
Alfred, Jackhorn
Moses, Fleming
Bonnie, Fleming
Martha Ellen, Janey, Va.
Vanessa, Jackhorn
Andrew Jr., Jackhorn.

Drew has had a hard time in this world of sorrow. His mother died when he was a baby and he was stricken down with an affliction which forced him to carry a crutch all of his life. He always loved to go to church and hear good preaching and singing.

Sixteen years ago he professed a hope in the Lord Jesus Christ and joined the Old Regular Baptist church and spent the rest of his life a true and faithful member.

As he grew older his afflictions became greater and greater. Some ten or twelve years ago he lost his eyesight. Four or five years ago he was stricken down with paralysis which put him in a wheel chair, never to walk again. He never lost faith in God and he never complained about his afflictions.

About a year ago he lost his hearing and since that time he sat in darkness and in silence. Sometimes we doubt if "Job" had more patience than this good man.

Today, here beside his casket, is his good and faithful wife, whom he loved more than his own life, and who could not possibly bear the burden if it were not for the trust which she has in God. Words cannot express the love this father had for his children. He told his wife he would love for his boys to carry his body to the graveyard, and today you saw his five sons and a son-in-law carry his body into the church house. His four daughters sit here weeping. His little grand children are heartbroken.

He leaves a good sister, Rachel Adams who was a

mother to him, and a half-brother, Riley Sparks, to mourn his passing. All his relatives and friends will miss him.

Saturday morning at about the hour of two-thirty, when we were all quietly sleeping, an Angel slipped in and got our daddy and we know if we see him again we will have to go where he is, and we believe he is with Jesus. God bless his soul and God bless our mother.

Death Claims Mrs. Ella Adams

Mrs. Ella Adams, age 60 passed away at her home on Monday morning following an illness of several weeks. She was the daughter of Dave and Phoebe Back of Blackey. She was married to John Adams in 1910 who survives her along with two sons, Vincent of Martin, Ky., and Bramble of Clear Springs, Indiana, also one daughter, Mrs. Inez Chittenden of Whitesburg. Mrs. Adams had been a member of the Regular Baptist Church at Mayking since October 16, 1938. Surviving brothers and sisters include Brant Back, Mrs. Dora Cole and Howard Ison of Blackey and 12 grand children.

Funeral services were held on Wednesday at 10:00 o'clock CST at the residence in Whitesburg with the following ministers officiating: Kirby Ison, Warda Craft, Bob Sexton, Basil Hall and I. D. Back. Burial followed in the Mose Ison Cemetery in Blackey. Craft Funeral Home in charge.

WORK PROGRESSES ON NEW UK DORMITORY—Brick work has begun on the University of Kentucky's new residence hall for men. The \$1,711,000 dormitory has been designed to house 365 students and to provide dining facilities for 1,200. It is being financed through a \$1,400,000 loan from the federal government and an allocation of \$311,000 by the Kentucky Property and Buildings Commission. Work is expected to be completed in January, 1955.
